

## After-School Supervision

**Dismissal is at 3 p.m.**

**The building officially  
closes at 5 pm.**

**U**nless preparing for a special event with teacher supervision, all students are asked to leave the premises quickly.

Because of the supervision locations, all drivers arriving later than 3:30 pm are to pick up their passengers at the Main Entrance.

QAA expects all students to cooperate with our instructions, for their own security. This means that they get themselves to our after-school supervision areas promptly and do not hang around outside, unseen and unsupervised. This includes students who stay for chorale, sports, drama, tutoring, etc.

It is strictly forbidden for students to leave the property, spend time at the Barbie Plaza across the street, and then come back onto school property to catch their ride home.

QAA security measures require that students either wait inside the school as asked, or else leave the property entirely and remain off. Parents can always make arrangements with their daughters to be picked up over at the Barbie Plaza if they wish, but students are expected to act responsibly and not “pretend” that they were at school when they weren’t.
