

Cancellations

During the winter months when storms could disrupt the school day, you will normally have ample warning that school has been cancelled.

In the case of a late-developing emergency where some students have already arrived at the Academy, the students will be kept indoors until suitable arrangements can be made for them to return home safely.

We will strive to keep students safe. Students are never required to leave school of their own accord during a storm or other emergency.

Listen to local radio stations or watch our website

www.qaa.qc.ca
for emergency announcements.
