

Organizations

The QAA Corporation and its Board of Directors oversees the operation of the Academy and ensures that its mission is respected. The Corporation consists of up to 15 volunteers and meets yearly at the Annual General Meeting. It includes an executive team (the Board of Directors) which meets five times a year to receive the Principal's report, review current and future budgets, receive the Administration's health-and-safety reports and action plans, and to review and act on sub-committee reports and proposals.

The QAA Parents Association represents the interest and concerns of QAA parents, sponsors many school activities, and funds Wish List items. The Executive, consisting of 15 parent representatives, the Principal, a Teacher Representative and the Academy Liaison Officer, meets monthly.

The Parents Association organizes the Welcome Family BBQ and Teacher Appreciation Week. It proudly sponsors the Year 3 Award of Excellence, the convocation Spirit Award, the Forum for Young Canadians as well as early morning supervision and various hospitality receptions. It also provides funds for teacher, staff and student Wish List items. To do all this, it organizes only one fundraiser in the fall. Your support is vital to its success and the continuing role of the Parents Association in supporting school activities and events. Parent volunteers play an important part in life at QAA. Your help is greatly appreciated. You can contact the Executive at 514-636-0900 ext. 448, or by e-mail at pa_info@myqaa.net or visit the website at www.qaa.qc.ca.

The Queen of Angels Academy Foundation

is a non-profit fundraising organization established in 1991 to provide bursaries and give additional financial support for major capital needs at the Academy. The Foundation issues tax receipts for all donations.

- Although its main purpose is to provide for annual bursaries to students of the Academy, over the years the Foundation has:
- helped fund the implementation and updating of computer technology including cabling, software and hardware
 - purchased SmartBoard teaching tools for many classrooms
 - redecorated the Hall of Honour to showcase the Alumnae
 - contributed towards the installation of the athletic field
 - rejuvenated the Social Room
 - supported major improvements to the main computer lab.
